DON'T GIVE UP YOUR RIGHT TO KEEP AND BEAR ARMS—

GUN CONTROL WILL BE FINAL MOVE BEFORE TAKEOVER

We wish to prevail upon every reader of this paper to resist any and every form of gun control. The life you save may be your own. Let no one abrogate, remove or weaken your constitutional right to keep and bear arms.

What is going on in the capitol today is sinister and satanic. The representatives of our alleged government are possessed with an unpardonable cowardice and seized with the disease of mass hysteria.

At a time when people are putting extra bolts on their doors, reinforcing their windows against day and night attacks that are a daily occurrence in riot torn cities, our elected "representatives," captives of the Invisible Government, have either the unbridled effrontery or crass stupidity to be party to a mass hysteria marathon for the enactment of a most rigid gun control legislation.

An analysis of the gun problem based on cold, calm logic rather than hysteria, will put this matter in its proper perspective and will spotlight many important aspects previously ignored. A gross misrepresentation of the true picture has followed in the wake of the mass hysteria that attended the Kennedy assassination.

For years, America has had one of the world's highest homicide rates. Obviously there are a lot of potential murderers in the U.S.A. Why all this hysteria about guns NOW? It should be obvious to anyone if a man is wicked enough to want to kill, he will not be deterred for lack of a weapon. Would he have the slightest qualm about stealing a gun, for example? No weapon ever killed anyone unless the mind of a man previously assented to the act. And that goes for a gun. The role of a gun in killing has been exaggerated. In New York, guns account for only about one-quarter of the homicides. In the nation, guns account for about 60% of the homicides. Obviously the people killed by weapons, other than guns, are just as dead. Changing a man's moral bent alone will stop murder. This is more important at this time than gun legislation.

Gun control will not stop killing. At most, it will merely make it harder for those who are determined to kill. Was prohibition the answer to alcoholism and heavy drinking? Should we regiment the gasoline industry because gasoline has been used for making molotov cocktails which can also kill?

Murder is always wrong, BUT ALL KILLING IS NOT NECESSARILY ALWAYS WRONG!

Whether we like it or not, we are fast coming to the day of KILL or BE KILLED. Why this push for a program that is not going to prevent crime? The criminal, with no lawful right to the gun, will have no problem obtaining it. The law-abiding citizen will obtain a gun, if at all, only by reg-

istering it. He will live in constant fear, not knowing when the gun will be picked up, since protection against unlawful search and seizure no longer holds.

We are told that no law-abiding citizen will be deprived of his right to keep and bear arms for his own protection. Past actions speak louder than words and we should be most reluctant to jeopardize our Constitutional Right to keep and bear arms.

The merit of any proposed legislation depends entirely upon the intent of the proponents and the power behind the throne. Unfortunately, there is little reason to believe that the powers behind our government are interested in lessening crime or murder by guns or any other weapon. The Zionist-Communist directed "Poor Peoples" march on Washington is a timely example where crime and rape go unpunished.

The invisible and elected government is pushing for the success of the Communist Black Revolution with all that it implies: anarchy and the end of America as we have known it. Red revolutionaries and Black militants have planned a lot of killings. Since the government is backing the Black Revolution, it would be most convenient if not too many whites had firearms. Let us remember that Black Militants have no trouble obtaining guns both from within and from without the country. The Black Negro segment is an armed camp. The clouds are gathering; we hear more and more about a long, hot summer. It amounts to this: If gun controls get any tighter, the majority white

Robert Kennedy— He Died for Israel

By HOUSTON LAGARDE

Once again adverse destiny, unfolding like an ancient pharonic curse, has cut down yet another Kennedy. Surely it would take a Sophocles to do justice to the story of this doom-stalked family.

We at COMMON SENSE held no brief for Robert Kennedy. To us he epitomized, in his political life, everything that is wrong with America. The ideas he espoused, the solutions he proposed for the problems of our times were subversive of our national honor and racial integrity. Nor do we believe him to have been sincere in the things he preached. Having sat as a young man at the feet of Joe McCarthy, Kennedy could hardly have been unaware of the true nature of the forces under whose yoke we groan. He entered into alliance with the powers of international Zionism with his eyes wide open, so to speak. This mingling of fortunes with those of a criminal organism brought him a horrible death as it had his brother. We wish this did not have to be, for if the Kennedys had remained true to the teachings of Joe McCarthy, they, more than anyone else, could have contributed to the salvation of this tortured land.

Goethe's Faust teaches us that Satan, like Shylock, always insists on the literal fulfillment of the terms with those foolish enough to bargain their souls for his shoddy goods. The Kennedys are no exception. I for one do not believe that becoming the center of a youth cult hysteria, or even the Presidency, are worth a man's moral freedom. The Kennedys thought otherwise and may God pity them now as we do and as all men should. The thought of bereaved and sick parents so laden with horrors in their declining years and of a brave and good wife who in this deplorable age when sterility is applauded as a moral virtue gave life to so many, now fatherless, moves us beyond words. For them our Christian prayers and true condolences.

It is ironic, morbidly so, that Robert Kennedy also fell a victim to one of liberalism's reigning obsessions. As one of the paramount mouthpieces of the ideas that the voters, looters and arsonists who have turned our cities into replicas of the Congo should be excused because they are protesting against "oppression" and "injustice," Kennedy set the stage for his own murder. If Negroes have the right to burn and sack because of some presumed historical injustice, or if deranged college punks should be allowed to impede or destroy the educational process because they feel themselves alienated from society, then the miserable creature who killed Robert F. Kennedy should be set free at once. For Sirhan Sirhan and his people are the victims

Conde McGinley and the Old America...

Conde McGinley was one of the "Old Americans." He was born in the Indian Territory, before Oklahoma became a State. Try to picture the landscape into which Conde McGinley was born: To the North and South of the Indian Territory, lay the rural Heartland of America, the farmlands of the Middle West and Texas. It was an area of kerosene-lit farmhouses, country churches, and circuit-riding preachers. It was, if you please, "The Bible Belt." Beatniks and Hippies had not yet been invented. Treason, treachery, and betrayal had not yet become fashionable. Lawless mobs were not allowed to loot and burn stores in our cities. The Army and Navy were respected. We were a proud, patriotic, sound, and healthy nation.

The other day, on a street corner in Brooklyn, a crusty Irish gentleman of the Old School said to me, "This used to be a great Country. How did it go bad so fast?"

How indeed? This was the question which agitated Conde McGinley. He saw with sharp-eyed clarity the fact that the United States was under hostile attack from without and within. He fought the forces which sought to destroy the old, sound, happy, patriotic America. He fought with might and main, with every ounce of his energy and with every dollar he had. He gave up a successful business career to devote himself to the business of warning America against the sophisticated forces of treachery, treason and nihilism. Conde McGinley was, as all of our older readers know, the founder of COMMON SENSE.

COMMON SENSE has long been slandered as a "Hate Sheet." We are in fact nothing of the kind. We have never incited mobs to rage through the streets and burn stores, as the Jew-owned mass media have done. We have never urged or instigated the persecution of ordinary individuals because of their race, color, or religion. If we merely wanted to foment racial hatred, we probably wouldn't even bother to put out the paper at all. Racial hatred exists as a natural force, like earthquakes and volcanos. Oswald Spengler attributed racial hatred to a natural cultural dissonance between the phases of development reached by various races. We think that this theory is, in general, true. We DO NOT believe that the Jewish Anti-Defamation League is accomplishing anything whatsoever in the way of improving racial relations in this country. On the contrary, they are fanning the fires of hatred by their arrogant injuries to other people. We think that the Jews are bound to learn, sooner or later, that when a minority race behaves with consummate arrogance and cupidity toward the majority among whom it dwells, then the minority race inevitably will suffer bitterly for its arrogance. The Jews try to hide their cupidity behind a mask of charlatanism and quack ideology, such as Marxism. This failed bitterly in Germany in the years between 1933 and 1944. We believe it will also fail everywhere else. We do not foresee or fear a future in which the world will be ruled by "Jewish Supermen." We foresee a calamity brought on by Jewish arrogance, Jewish incompetence, and Jewish stupidity.

Conde McGinley did not found COMMON SENSE for the purpose of fighting the Jews. COMMON SENSE originally confined itself to fighting Communism. The paper was sold in Catholic Churches all over New Jersey. During the first two years of its existence, COMMON SENSE did not so much as mention the Jews. Conde McGinley did not declare war on the Jews. The Jews declared war on Conde McGinley. Those were the days of the "Red Takeover." Marxism was the power-instrument of the Jews. It was changing the country. We had come to the time of the power of minority groups, which means Jewish power. THE JEWS ACCUSED COMMON SENSE OF BEING AN "ANTI-SEMITIC" PAPER LONG BEFORE COMMON SENSE HAD EVER PUBLISHED A WORD ABOUT THE JEWS. To be Anti-Communist was to be Anti-Semitic. The Jews identified themselves with Marxism by attacking Anti-Communist movements as "Anti-Semitic."

The attack upon COMMON SENSE was thoroughly vicious. Jewish advertisers and

business men brought pressure upon printers and paper-suppliers. Within one very short period, COMMON SENSE was printed in eleven different printing shops. Each time, the Jews applied pressure to stop COMMON SENSE from being printed. Each time, Conde McGinley had to go out and find another printer. Finally he bought his own printing press. Then they tried to shut off his paper supply. All of the paper wholesalers were Jewish. To this day, our printing paper travels a long, long way before we get it. We are not impressed when some Jewish writer in the NEW YORK TIMES praises "Freedom of Dissent." We know their real attitude toward "Freedom of Dissent." The only "dissenters" they are willing to tolerate are the dissenters from patriotism, and from the American tradition. Real dissenters from treachery, treason, nihilism, decadence, and anarchy are given short shrift. The Jews have silenced a whole generation of native American writers through their control of the vicious, degenerate, and corrupt literary racket of New York City. They have flooded our bookstalls with literary garbage of the worst and lowest kind. Patriotism, merit, and real talent are consigned silently to oblivion. (Henry Ford mentions this in his book THE INTERNATIONAL JEW.) Then the editorial hacks of the NEW YORK TIMES sing the praises of "Dissent" and "Freedom of expression."

They didn't show much respect for Conde McGinley's freedom of expression. Deputy Sheriffs invaded the offices of COMMON SENSE and assaulted McGinley. Then they charged him with "Resisting an Officer." McGinley beat the case in Court. A libel suit for \$250,000 was brought by Rabbi Prinz against COMMON SENSE. Meetings of patriots sponsored by COMMON SENSE were invaded and broken up by goons. In this manner, the Jews exhibited their delicate concern for "Freedom of Dissent" and "Freedom of Expression." The fact is that they want these freedoms for themselves only, and not for anybody else, most especially, not for anybody who represents the Old American Tradition. Conde McGinley was the walking embodiment of the Old America which has been lost in a swirl of riots, disorder, decay, anarchy, treachery, and treason.

COMMON SENSE IS ABSOLUTELY NOT A MERE HATE SHEET. Of course there ARE hate sheets, whose editors sit down at their typewriters and cook up just any old thing which will engender racial hatreds. There ARE, unhappily, some "Right Wing" papers more interested in peddling myths than in finding out and telling the truth. Professor Revilo P. Oliver raised this question in

his book CONSPIRACY OR DEGENERACY? There are people who say that there can never be any real integrity in any pro-American or Anti-Communist movements. They say that we must always peddle the same old tired myths, tell the same old tales. They say that the American people do not want the truth. Professor Oliver points out that, if this is really so, then we are finished in any case, and it is mere charlatanism to pretend otherwise. We at COMMON SENSE hope that it is not so. We hope that the fires of patriotism can again be kindled, that Reality can be traced, that America can be saved. But we will not be the peddlers of false nostrums, of quack cures, of political charlatanism. We will tell you quite plainly that, unless this country mends its ways, then this Country is headed for its final roundup.

We are not the only people telling you this. We have recommended that you read General Nathan F. Twining's book NEITHER LIBERTY NOR SAFETY. We would like now to recommend another to you. You ought to read General Curtis LeMay's book AMERICA IS IN DANGER. Impeccably competent military authorities have warned you that you are in danger of annihilation. Yet, day after day, the "Peace Quacks" strut on our campuses, fill the editorial columns of the Jew-owned newspapers. They tell you that they can conjure 'Peace' with their humbug and magical incantations. This is charlatanism of the worst and lowest kind. You will have peace and security ONLY if you are strong.

Conde McGinley knew that America was in danger. That was why he founded COMMON SENSE. Long ago, Paul Revere jumped onto his horse and galloped across the American countryside to sound a warning. McGinley did exactly the same thing. McGinley knew that his warning was urgent, that time was short, that the need for action was imperative. America was being delivered in a bag to the forces of international nihilism. Behind the sugar-sweet mask of phoney "Liberal-Idealism," the sinister Four Horsemen of the Apocalypse were already riding, riding for the destruction of America. In recent years we have seen the bitter fruit of these things, in the sabotage of patriotism, the destruction of the American Christian culture, the ruin of public order, the decline of the dollar, the destruction of economic stability. Conde McGinley wanted to save the Old America, the sturdy character generated on his boyhood landscape of kerosene-lit farmhouses, the patriotism and religious faith which made America great. McGinley saw clearly that America would not survive if the culture-alien had their way.

To this day, many "Conservatives" write to us and complain that we are not following the "Conservative Party Line." We have no patience with the mere "Money Conservative." If you are interested only in your money, and care nothing for the QUALITY of American life, then you are no Conservative. You are probably a hick, and you just don't know enough to get on the side where you really belong. You ought to join up with the REDS. That is where all of the big money people of New York are. They are doing all right for themselves too, robbing the savings of you and me and the unholy rest of us all the time. It is utter provincialism today to believe that the "Right Wing" represents "big money" and "Big Business." Big Business today is largely owned by the Jew-dominated Foundations, which have been up to the ears in Communist activity for so long that surely everybody in the country ought to know about it by now.

Marxism and the Big Money are brothers under the skin and always have been.

Conde McGinley did not found COMMON SENSE for the purpose of peddling stale myths. COMMON SENSE was devoted to the cause of real truth from the beginning.

This is why our coverage of the Middle East Crisis of last year was different from that carried in some other "Conservative" papers. In the first place, we took the trouble to FIND OUT what really was going on. In the second place, we were able to find out rapidly. While the Jews were boasting arrogantly about their "Great Victory," we told you that both the Jews and the United States had suffered a terrible defeat. We frankly think the Jews a rather ignorant peo-

ple, but we were surprised by their stupidity in 1967. Russia manipulated the 1967 Middle East crisis expertly. Sir John Baggot Glubb has discussed this expertly in a recent issue of AMERICAN MERCURY. In June of 1967, Russia expertly shifted the whole balance of power in the world against the United States, and in favor of Russia.

Some "Right Wing" papers told you that Russia and Israel were secretly working together. This makes a perfectly good Anti-Semitic myth, but we are not in the business of peddling mere Anti-Semitic myths. We admit that we do not have much liking for the Jews; still, we do not find it necessary to invent myths about them. Their folly and vice are bad enough when presented in the unvarnished reality. The fact is that the Republic of Israel is on its last legs today. Russia is rapidly taking over the Middle East. When Russia has the Middle East, she will also have Western Europe. Then the whole "World Island," the great land mass of Europe, Asia, and Africa, will be under Soviet control. The strategist MacKinder said, "Whoever rules the World Island rules the World."

This does not make pleasant reading for Americans. If you want pleasant reading, we suggest that you get a copy of LIFE. They are in that sort of business. We are not. It will make absolutely no difference what you "believe" about the grim realities which confront this nation today. REALITY is still REAL, no matter what anybody believes about it. The reality is that America has been brought to the edge of doom by the powers which Conde McGinley hated, feared, and fought.

You can find plenty of "Nice" Conservative papers which will tell you lies nearly as sweet as those found in the Liberal press. We frankly are not a "Nice" paper of that kind. Conde McGinley was a rough-rider from the Indian Territory, and COMMON SENSE is still a rough-riding paper. People call us long-distance from a thousand miles away and tell us, "For Pete's sake, don't rock the boat!" Some of them say, "For Pete's sake, shut up! You are telling too much. Things like that are NEVER supposed to be told. The people have no business knowing such things." COMMON SENSE never hesitates to tear away the masks and expose the feet of clay. This is a paper for the cognoscenti of Patriotism, not a paper for the sucker trade. We have told you bluntly that many big time rich "Anti-Communists" secretly give money to the Communist Party, and that a wide area of "Left-Right" controversy in this country is phoney. This falsity has permeated our National Policy for thirty years. We have pretended to be a "Capitalist, Anti-Communist" Nation, but the richest men in the country fought and destroyed China and put Mao into power there. Our mass media, carrying millions of dollars' worth of Capitalist advertising, published articles by Edgar Snow and other writers praising the "Chinese Agrarian Reformers." In fact, as A. K. Chesterton pointed out in his book THE NEW UNHAPPY LORDS, the curious ambivalence of American policy since World War II stemmed from the effort to appear to be fighting Communism, to satisfy the American people and the American Congress, while actually promoting it in obedience to the Money Men of New York. The phoney mask of "Communism" and "Anti-Communism" conceals a whoremongering system in which both sides are really controlled by the SAME PEOPLE. Don't look for THAT kind of phoney "Anti-Communism" in COMMON SENSE. We are REAL Anti-Communists. We think that Marxism belongs DOWN THE DRAIN NOW;

NATIONAL ALARM ANTI CHRIST PLOT

By DAWN

HEAR YE! HEAR YE! . . . SPREAD THE ALARM . . .

Christians arise, strengthen your arms.

The enemy's advancing, that anti-Christ horde.

Christians UNITE . . . and trust in the LORD.

Who is this enemy, and how did "it" get in?

Who mocks our LORD and thrives on sin.

Who cannot make a living amongst his fellowman

But who abuses Christians as often as he can.

WHY was he run from Europe, in fact where'er he goes?

HISTORY proves his evil scheme reaps just what it sows.

To ever let him enter spells disaster, doom and woe.

Two-faced converts, government cohorts; tis their main stronghold.

Operation . . . Agitation . . . he conveys from afar,

Guiding not his motives . . . the MIGHTY BETHLEHEM STAR.

In fact, THAT is the symbol that bothers him the most

'Cause it represents the MIRACLE OF CHRIST ALMIGHTY'S BIRTH.

So stems the basis of the anti-Christ he cheers,

Against the REALNESS of OUR CHRIST that he mostly fears.

UNITE oh brainWARPED Christians, take up THY SAVIOUR'S CROSS,

For unless you do wholeheartedly, OUR CAUSE, it is lost.

Time is of the essence, you have heard them say,

It was never truer than as of today.

"You are WITH ME or AGAINST ME," Christ had said.

Alas! Twas for the sins of man that HE bled.

Grateful or ungrateful . . . will you prove to be?

God's CHOSEN PEOPLE dwell with HIM through eternity.

Now don't get wild ideas that Heaven's full of Jews

For that's the lie that THEY inject; oh what a powerful tool!

HIS "chosen people" nay . . . are you naive enough to believe

The anti-Christ, sadistic clan who caused HIM . . . misery?

Ah! Such WISDOM DIVINE . . . dare not insult,

Believe not that lie . . . some preacher taught.

Judas traitors from the start with but one MAJOR Christmas thought.

"HOW MUCH MONEY" will we gain again? (A-gain and a-gain)

With the power of THEIR purse, we're bound to win.

Tell me, will you unthinking Christians ever catch on?

Our most sacred holidays fulfill their mercenary bond.

Dollar signs for eyeballs . . . what greed and lust will do.

BECAUSE he has no soul; he will sell your birthright too.

We see it taking place each day in every walk of life,

It is this anti-Christ creating hateful racial strife.

Take the SOUTH . . . it was calm before the storm,

And the SACRED land where CHRIST was born.

OH! WHERE is the BROTHERHOOD the Jew spills forth?

Ask him WHY then, did he steal the Arabs earth?

He will tell you it's a partition; a United Nations "DEAL"

That SATANIC FORCE in deed, WOULD BE the Jew's IDEAL.

The horrors DARE NOT be exposed in their true light,

The world must never know the truth of the tortured Arabs' plight.

Forced to "tent" on the desert at six cents a day.

The Jews stole their land and consider this "PAY."

I defy any MOTHER who learns this "grave" story.

Hold calm while HER SON fights Jew wars, in the name of "OLD GLORY"

In Germany, weren't they the troublemakers of World War Two?

In America, aren't they planning Civil War FOR YOU?

And don't overlook their powder-keg in the Middle East,

The fuse is burning slowly; GOD'S ENEMIES cannot find PEACE.

WHY were they purged from Europe, it's very plain to see.

You help him doublecross you when you join the N double ACP.

Oh yes, the minutes read that it's for Negroes . . . what a fake!

Too late the Darkies will find out it's for the Jews OWN SAKE.

It's really not the question of a man's race or color,

BUT Christian to KILL Christian; 'tis the Jews lifetime endeavor.

Do you Darkies in America realize the HARM,

That is being done you by this deceitful arm?

In what country ever, did you make such advances?

With all the trouble brewing ask yourself now, what's your chances?

Like a train that needs two rails, ere it would be lost,

To each its own, apart and free . . . yet should never cross.

Have you forgotten LINCOLN, that GREAT WHITE CHRISTIAN GENT?

Who freed you and protected you, would he now repent?

You turned against this white MAN to cater to the Jew,

Can't help thinkin' LINCOLN . . . would be sorry and ashamed of you.

Civil Rights . . . whom do they fool . . . when these rights conflict,

One mans "nerve" to force himself in hopes to co-exist,

Falls UNJUSTLY on the MAN OF GOD who does not choose to mix.

Now there are decent Darkies . . . must they suffer too,

For this BOLD, ILLITERATE stand SPONSORED by the Jew?

Let us not forget CHRIST WAS and IS the GREATEST SEGREGATIONIST.

It is WE who failed our SAVIOUR by failing to adhere,

In UPHOLDING CHRISTIAN PRINCIPLES our FOREFATHERS held so dear.

Hang low your head you clergymen, hang low your head in shame,

Preaching DEVIL INTEGRATION . . . YOU are very much to blame.

GOD knows YOU are the guilty ones, HE knows HIS real forsakers.,

HE knows the truer man is to his race, the truer to HIS MAKER.

Oh! Fall to your knees in disgrace and shame,

You worthless traitors, defiling HIS NAME.

Well, there will be no INTEGRATION in DEFIANCE of GOD'S PLAN,

Though we beg of HIM FORGIVENESS . . . FORGIVE US . . . if . . . YOU can.

And Darkie . . . Dear Ole Darkie . . . Do try to understand,

That this thing is DEEPER and much BIGGER than ORDINARY MAN!

CONDE McGINLEY

(Continued from Page 3, Column 1)

we see no necessity to argue the matter for ever. The real need is for strong and decisive action NOW! Drive the Marxist money-changers from the Temples of our National culture, from the money market place, from the publishing business, from the mass media, from the centers of political power. Conde McGinley believed in fighting to win, not merely in fighting to keep the battle going forever.

COMMON SENSE is indeed not a "nice" Conservative Paper, like Billy Buckley's NATIONAL REVIEW. We are not quite as "Nice" as AMERICAN OPINION, either; although we are happy to note that AMERICAN OPINION has been a little less "Nice" and a little more outspoken in the last few issues. COMMON SENSE was founded by a rough rider from the Indian Territory. We are still "Rough Riders" here, and we do not mind playing unholy havoc with the "Sacred Myths" which the Jews have spent untold millions of dollars to create. We have no patience with the myth that Marxism represents "The Poor" or "The Working Class," when the plainly obvious fact is that it represents the financial oligarchy which is under the control and leadership of the Jews. Conde McGinley was among the first to warn Organized Labor against Communist machinations in the Unions.

Conde McGinley was not the kind of "Conservative" who was concerned solely with the protection of financial interests. McGinley was interested in protecting and improving the QUALITY of American life. He wanted to save and defend the best traditions of the old America, the pre-hippie America of Courage, Faith, and Honor, the America which believed in itself and its mission in the world. The Jews have fought to destroy the quality of American life, to degrade the American culture, to reduce the "Goy" masses to cultural impotence so that "Jewish Supremacy" would be a fact of American life.

What has happened to America under "Jewish Supremacy"? Domestic order has collapsed; our business blocks burn while Policemen stand helplessly by, under order not to interfere. The balance of World Power has turned against us. Our currency is shaky and we are in danger of economic collapse. We have engaged in "no win" wars, and, by doing so, have lost the respect of a world which is beginning to wonder if it shouldn't join with Russia in order to be on the winning side. To top it off, the Jews also have failed to win their own objectives. Their Republic of Israel is in dire danger. The Jews are in danger in every country where they live in any considerable numbers. They simply have not mastered the art of living successfully with other people. The fact of life which the Jew chiefly needs to learn is that being a footpad is a dangerous occupation. You may indeed succeed in robbing other people, and in getting rich, and in becoming powerful; but in doing so by the usual Jewish methods, you also generate hostility; you loose dogs of fear, envy, hatred, and revenge. This is what the Jews are doing on a vast scale around the world today. We have no doubt that the Jewish chickens will come home to roost. The Jews try, by means of their intellectual charlatanry, to channelize hostilities against them into futile channels; to create class division among the Goyim; to avoid, like the intellectual con men and quacks that they are, the natural and ultimately inevitable consequences of their actions.

We do not fear the "Successful" Jew. We fear the FAILING Jew, the Jew whose nefarious schemes must ultimately result in disaster to himself and to those involved with him. Conde McGinley did not want America to become deeply involved in Jewish schemes. He foresaw clearly that Jewish rule would lead America to ultimate ruin. It seems to us, frankly, that anyone who cannot see this today certainly must be at least half blind.

Conde McGinley saw the danger toward which America was heading. He saw it with crystal clarity and he devoted his life and his personal fortune to the Fight for America. The fact that this developed largely into a

fight against the Jews is almost incidental. Conde McGinley was not merely an "Againster." He was above all else, a man with a burning love for the Old America. Conde McGinley would have fought against ANYBODY who threatened that noble patriotic tradition. Conde McGinley was FOR something, not merely against something. He fought for the America which MIGHT HAVE BEEN, if we had not surrendered ourselves so ignobly to the cultural domination of the Jews. He fought for the character, courage, faith, and honor which developed in the kerosene-lit farmhouse of yesteryear, and which might have been carried forward to have made a Nation moving forward in orderly progress, instead of the hate-torn, fear-ridden nation which we are today, dangerously threatened by collapse at home and enemies abroad.

Now, Mr. American, you have tasted the lash of Jewish rule. How do you like it? How do you like the riots? How do you like having your store burned? How do you like having the streets of your big cities turned into a virtual battleground by the criminal element every night? How do you like being a weakling nation, treated with contempt around the world? How do you like the prospect of a collapse of the Dollar?

DON'T YOU WISH YOU HAD LISTENED TO CONDE MCGINLEY WHEN HE TRIED TO WARN YOU MANY YEARS AGO?

Gun Control Will Be Final Move

(Continued from Page 1, Column 2)

Christians will have to protect themselves with broomsticks.

Does anyone in his right mind believe that a government that hasn't lifted a finger to deter the criminal, that would tolerate gangs of organized Black Militant murderers within the shadow of the Justice Dept., that would send its own boys to needless slaughter in Vietnam with guns that wouldn't shoot, that would fatten up the enemy with our pork and wheat, to make them huskier and stronger, the better to kill more Americans . . . that that government is worried about people being killed by guns?

No normal patriotic citizen would oppose any genuine move to keep firearms from criminals, incompetents and the like. This would be a legitimate and understandable safeguard of life and limb. Perhaps, some of the advocates of the proposed legislation are sincere in their efforts and believe the situation calls for legislation. Those that live with this conspiracy see a different picture entirely. The Invisible Government, which is obeyed by our elected "representatives" almost to a man, is capitalizing on a set of circumstances it may very well have helped to create. We believe that behind all this hysteria is a carefully laid plan that will ultimately deliver the guns of every American to the enemy. The implementation of Public Law No. 7277 has all but disarmed us as a nation. All that is left is to disarm us individually and the setting will be complete for the takeover. The planners have already disarmed us as a nation "legally." Why give them the opportunity to disarm us individually by letting Congress pass this vicious gun control legislation?

Oppose this alleged gun control legislation. Write your representatives and state legislators. Work, fight and demonstrate against it!

Robert Kennedy Died for Israel

(Continued from Page 1, Column 3)

ROBERT F. KENNEDY, recently assassinated Senator from New York, victim of the causes he espoused and the treason he promoted.

of an "oppression" and "injustice" unparalleled in the history of human cruelty; a policy of planned genocide conceived and carried out by that implacable enemy of all humanity—The Jew.

The assassin is a Christian Arab who carries with him childhood recollections of friends and family butchered by Israeli criminals. For the past twenty years Israel has systematically liquidated thousands of Arabs, both Moslem and Christian, sparing neither infants nor old people without a whisper of protest from that mob of moral capons, the liberal, humanitarian "intelligentsia." But let one filthy Yiddish pornographer or money speculator be arrested in some obscure Polish or Russian village and instantly a "cause celebre" of international proportions is raised. The Arab people once looked to America for succor. We remained deaf to their cries. All of this burned into the soul of Sirhan. It twisted his mind and armed his hand for vengeance. Kennedy as the politician most friendly to Israel was the logical target, and Sirhan killed him openly and without remorse. For this he will perish in the gas chamber, and rightly so. The abdication of conscience to political mysticism is the shortest path to dehumanization. It places one in the same moral context as the Jew and solves nothing. Sirhan's act actually strengthened the Zionist cause. He no doubt considers himself a martyr for his native land and will go to his death firm in that belief. But the Kennedys do not have even the consolation of a mistaken patriotism; their Robert died, alas, not for America, but for Israel.

On the horizon however one sees strange shapes forming, vague murmurings, certain deeply felt historical currents are flowing. Long ago in the mists of antiquity, Israel declared war on humanity. In the not too distant future, I prophesy, humanity fed up with murder, filth and the perversion of everything sacred, shall declare war on Israel.
